APIS

High-quality APIs sourced from globally approved manufacturers, supporting a wide range of therapeutic applications with consistent quality and regulatory compliance.

EXCIPIENTS

Pharmaceutical-grade excipients designed to ensure stability, performance, and effectiveness across diverse formulation requirements and applications.

PELLETS & DC GRADE APIS

Specialized pelletized and directly compressible APIs for efficient manufacturing, improved bioavailability, and optimized formulation processes

FINISHED FORMULATIONS

A comprehensive range of finished dosage forms across multiple therapeutic categories, manufactured to meet international quality and compliance standards.

QUALITY & COMPLIANCE.

Global Quality Standards

We work with manufacturers operating under globally recognized certifications, including:

- WHO-GMP
- EU-GMP
- US FDA (select)
- ISO-certified facilities
- FSSC & HACCP (where applicable)

Our Assurance

Every sourcing engagement follows a structured approach ensuring traceability, product integrity, and regulatory compliance across markets.
